ITAM

What makes ITAM unique?

- Our history, values, and guiding principles.
- Our educational model based on academic and human excellence.
- An excellent faculty committed to the education of our students and high-impact research.
- A vibrant student life that forges friendships beyond the classroom.
- An international network of alumni ready to support each other.
- A diverse, passionate, generous community.

Founded in 1946, and located in Mexico City, ITAM is a private, nonprofit, secular, and non-politically affiliated institution of higher education. Our mission is to contribute to the comprehensive education of individuals and to help the development of a more free, just, and prosperous society.

MEXICO CITY

Mexico City, the cultural, financial, governmental and entertainment capital of the country is also one of the oldest most interesting cities in the world. Mexico City has it all: history, culture, some of the world's best cuisine, museums, forward-thinking design, entertainment and a strategic geographical position that makes it an easy gateway to all colonial cities and beautiful beaches around the country.

Application Process

1

Home Institution must send nomination through our online system. Please follow this link and register with your invitation code:

<https://itamexchange.itam.mx/register?returnUrl=%2F>

If you have not received your invitation code please contact: exchange@itam.mx

2

After being nominated, students will receive an email confirming their acceptance and providing instructions for registering through the online system.

3

To complete their registration, students must provide the following documents and fill in their personal information:

- Official Transcript of Records
- Curriculum Vitae in English or Spanish
- Copy of the main page of passport
- Copy of Medical Insurance Policy (must include at least USD \$50 000, of coverage plus a repatriation clause valid for Mexico and a COVID 19 clause.) If not covered, ITAM insurance can be bought prior to arriving in Mexico.
- A portrait picture (.jpg)
- Proof of B2 level proficiency in Spanish to be eligible for classes in Spanish. The nominator must confirm the adequate Spanish level or provide a valid certificate.

Please note that enrollment in master's courses is subject to the approval of the respective program director.

We process applications on a rolling basis. We encourage students to submit their application immediately after they have been nominated by their home university.

Acceptance letters will be emailed to students. If necessary, packages containing the original acceptance letter and visa documentation will be sent directly to the nominating university once we have received complete applications from all candidates from that university.

Note: Late applications may be considered on case by case basis.

Course Selection

Language of Instruction:

When taking courses taught in Spanish, we highly recommend students have a "B2" level of Spanish and possess solid reading, writing and listening skills.

If students wish to take courses in English, we offer between 20-30 regular courses across all our programs every semester. For students whose primary language is not English, we recommend a TOEFL score of 92 or above or an IELTS of 6.5.

Spanish Language Courses are offered for credit at different levels during most semesters. Levels available depend on the number of students registered for the courses, but in general, we offer beginner, intermediate, and advance levels.

Spanish classes are free of charge for exchange students from partner institutions.

Language support is also available through the CARLE, ITAM's Center for Writing and Language which offers specialized Software for Spanish as a Second Language, Spanish Composition for native speakers, as well as training in other languages.

Enrollment

Full-time workload: We require that students take a minimum of 4 subjects per semester (or trimester for graduate students), in order to be considered full time students.

Graduate trimesters:	33 hours of class equivalent to 4 ITAM credits
Undergraduate:	48 hours of class equivalent to 6 ITAM credits

Course Catalogue:

Nominated students will receive an access code to the course catalogue in their acceptance letters. Additionally, access codes can also be provided to partner institutions upon request.

Exchange students can register for courses through the university's online system, one day before regular enrollment opens. This priority access helps international students secure their preferred classes.

Requirements/ Restrictions:

- It is recommended that undergraduate candidates have completed 50% of their university studies.
- Graduate candidates should be studying their second higher education degree and must submit proof that they have completed their first (undergraduate/bachelor) degree.
- Nominees to the MBA program, or any other graduate management course should have at least one year relevant work experience.
- Students are eligible to take any class across the institution at their level, as long as they meet the equivalent prerequisites and have not previously taken the same or an equivalent class.
- Exchange students are not eligible to enroll in classes listed in the course catalogue that begin with EGN.
- Undergraduate students may not enroll in graduate programs. But given that ITAM's undergraduate programs or "Licenciaturas" are strong intensive 4-5 year programs, graduate students are allowed to take upper level classes at the undergraduate level

Orientation

Attendance at the orientation session is mandatory. The orientation typically spans one full day and scheduled the Friday before the start of classes. Students should plan to arrive on time to participate in the orientation session.

Buddy Program

Students are invited to participate in this mentoring program where they will be matched with a Mexican student who will help them transition into life at ITAM and in Mexico City.

Housing

Housing is not owned or operated by ITAM but the International Office provides assistance to help find off-campus housing options. There are many fully furnished student residences within walking distance from ITAM. Options depend on price range and features desired by the student.

The International Office works with each individual student to find the preferred accommodation but once selected, the student is directly responsible for the lease.

Visa

ITAM will provide letter of acceptance and necessary documentation to obtain a student visa but exchange students should check with their nearest Mexican consulate about visa requirements.

www.sre.gob.mx

IMPORTANT:

Student visa holders must register and pay approximately US\$55.00 fee within 30 days upon arrival in Mexico.

STUDENTS FROM SOME COUNTRIES WHO APPLY FOR SHORT PROGRAMS (UNDER 180 DAYS) MAY ENTER THE COUNTRY ON A TOURIST VISA.

Insurance

Students must have an international medical insurance with coverage of at least \$100,000 USD and a repatriation clause valid in Mexico. If no proof of insurance is submitted, students will be charged for ITAM's insurance policy at a cost of around US \$250.00 per semester.
