Should they arrive significantly later, they may still have to pay rent for the full month. Students should also check the exact terms of the contract ending their lease, also here sometimes the "full month" period applies, if not explicitly stated otherwise.

Residence Permit Requirements

Registration at the official registration office of Bremen (EU-Citizens):

Everyone who resides in Germany needs to be officially registered.

It must be done within one week of moving to your new address.

In order to register, you will need the following documents:

- Official form entitled "Anmeldung und Ummeldung" (form can be obtained at the authority "Meldestelle") on campus (near the main cafeteria (Mensa) or online:
 - https://www.bsu.uni-bremen.de/formulare(neu).html
- > A copy of your Identity card or passport
- "Aufenthaltsanzeige" (only for EU-citizens)

You will be issued a receipt of registration which you must present to the Ausländerbehörde (immigration office) if you are a non-EU-citizen. You will also

need this receipt of registration to receive a library card.

Registration with the "Ausländerbehörde" (immigration office)

<u>Citizens of non-EU-states</u> should register with the *Ausländerbehörde* as soon as possible after arriving in Germany and receiving their receipt of registration. You will need to present the following documents:

- Completed application for a resident permit (forms can be obtained at the registration office)
- Passport (please also check the validity of your passport; if necessary please refresh it as soon as possible. An inappropriate passport validity date is a frequent reason why students have to cancel their mobility to Bremen.)
- Visa
- Receipt of registration from official registration office *Einwohnermeldeamt*
- Enrolment certificate
- Proof of health insurance coverage
- ➤ 1 current biometrical passport-sized photo
- ➤ Evidence of financial means of support, (e.g. evidence of Erasmus mobility grant or other scholarships). The available amount per month should be in the order of the German Federal Student Grant rate (*BAföG*) or DAAD rate which is around 650 € per month.

http://www.uni-bremen.de/bsu

Health Insurance / Health Services

Each student is required to have international health insurance coverage including all medical, hospital and repatriation expenses without any exception while in Germany. Health insurance coverage is a prerequisite for enrolment at a university. Private health insurances of home countries or travel insurances for the purpose of visa applications are not accepted for enrolment at the University of Bremen if they limit the cost of treatments or duration of coverage.

We therefore highly recommend to apply for the statutory health insurance in Germany which covers all possible costs for the term. Offices of several insurance companies are situated on the university campus (hkk, TK, AOK).

For more information please contact the health insurance company directly or the Newcomer Service: newcomer@uni-bremen.de

The statutory health insurance is a special low-cost health insurance ("Krankenkasse") for students and can already be used for the visa applications.

Students who intend to participate in the Orientation Week or who arrive in Germany before the official start of the semester (1st October/ 1st April) will additionally need a travel insurance to <u>cover the time gap between their arrival in Germany and the start of the term!</u> The obligatory health insurance covers treatment costs and medicine.

The insurance card is your entry pass to all medical services and preventive care included in health insurance. If you have to stay in a hospital the insurance will **pay** all costs for **your hospital treatment** (if you are exempted from additional payments), nursing, and examinations, (except for the "Eigenanteil" of 10 Euro per day in hospital).

Formalities after arrival/ Remarks

The following formalities must be completed upon arrival in Bremen:

Registration and fees

There is a simplified registration procedure for visiting students requiring:

- Proof of registration from your home university
- Non-EU citizens: proof of health insurance which is valid in Germany or a German compulsory health insurance
- A receipt to prove that you have paid the semester fees after your arrival (~ 380 €). The semester fees are for the following entitlements: the *Semesterticket* (free public transport in and around Bremen for the entire semester, membership in the *Studierendenwerk* (this entitles you to purchase meals, etc. on campus at

specially reduced prices) and for membership in the *Studentenschaft* (Student Union); the semester fees are administration fees (not tuition fees).
