Module Selection Instructions for Incoming Exchange/Visiting Students

At XJTLU we call the individual subjects that you will study modules. They are sometimes called classes or courses at other universities.

Students normally study 10-20 credits each semester. 20 credits is full study load of a degree student in XJTLU and equivalent to 30 ECTS.

Your module selections should have been approved by your home university before you submit them to XJTLU.

* Please notice that we have another campus which is in Taicang (1.5 hours' drive one-way from main campus). Students normally cannot select Taicang campus courses as transportation between two campuses are impossible, unless you choose all your modules/courses only in Taicang.

Module selection procedure:

1. Pre-selection: You will be given login details. You will then be required to pre-select your modules in system. You should select 40 credits in order of preference, in case of time clashes or full classes.

2. Confirmation of module selection in Timetable Plus: You will be asked to check your timetable on e-bridge, drop off those modules that have timetable clashes, and confirm the final list of modules you will be studying at XJTLU

3. Make changes of modules selections: before semester starts, you can still make changes of your module selections if any of them are not the right level for you. But module empty spaces might be not enough, which students need to bear the risk. Module changes will not be possible after semester begin.

Module catalogue and specifications:

Please look at our module catalogue and module specifications here: http://modules.xjtlu.edu.cn/

In the specifications of each module, you can see whether it is available in Semester 1 (Fall Semester) or Semester 2 (Spring Semester).

Domain Code ends with TC means the module is offered in Taicang Campus. Some Taicang modules are subject "cannot" choose base on the nature of industry entrepreneurship.

You will be using the previous year's module catalogue to select modules, so you need to be aware that some modules you select may not be running the following year when you study at XJTLU.

Modules for different levels:

The first number in the module code refers to the undergraduate level 0, 1, 2, and 3 at XJTLU. Undergraduate degree courses at XJTLU are 4 years with a general education level 0. Degree specific content is taught according to the 3 year UK norm at XJTLU level 1, 2 and 3:

XJTLU Bachelor's Degree Programmes	Bachelor's Degree Programmes in England
